使用注意事项

PRECAUTIONS FOR USE / 安装与维护须知

适用产品
直线导轨

01 处置（安放 · 使用注意） HANDLING

- 请勿拆卸。
- 请勿使产品受到撞击。
- 请勿倾斜产品。**(滑块或导轨轨道可能因自重而滑出)**
- 请水平放置存放，切勿施加重载荷。
- 请在常温环境下保存，避免高温与高湿。
- 导轨对接位置尖角边缘可能割伤手部，请小心操作。
- 请勿将手、手指插入导轨安装孔，防止手指被卡造成人身伤害。

02 安装 INSTALLATION

- 使用前请先擦除残留的防锈油。
- 请在灰尘、切屑及其他污染物不会侵入产品的环境中进行安装。
- 滑块与导轨轨道须作为一个整体组件安装。
- 若滑块内部滚动体脱落，请联系TSNS。
- 拆卸滑块必须使用专用安装/拆卸工具。
- 使用拆装夹具时，请保持夹具竖直，夹具边缘紧贴导轨表面。

03 润滑 LUBRICATION

- 请在试运行前及试运行后进行润滑脂润滑，此后定期补加润滑。
- 请勿将物理性质不同的润滑脂混合使用。
- 各型号所使用标准润滑脂的详细信息，请向TSNS咨询。
- 如有特殊润滑要求，请按指定润滑剂使用。

如有任何问题，请与 TSNS 联系。

Precautions for Use

INSTALLATION & MAINTENANCE GUIDE

APPLICABLE PRODUCTS
Linear Guide

01 Handling (Positioning · Use) HANDLING

- Do not disassemble.
- Do not subject the product to impact.
- Do not tilt the product. (The slider or rail may slide out under its own weight.)
- Store in a horizontal position, and never apply a heavy load.
- Store at normal temperature, Avoid high temperature and high humidity.
- Sharp edges at rail joints may cause hand cuts, please operate with caution.
- Do not insert hands or fingers into rail mounting holes to avoid personal injury.

02 Installation INSTALLATION

- Wipe off any residual anti-rust oil before use.
- Install the product in an environment where dust, chips, or other contaminants cannot enter it.
- The slider and rail must be installed as a single assembly.
- If rolling elements fall out from the slider, please contact TSNS.
- A special assembly-disassembly tool is required to remove the slider.
- When using a fixture tool, keep it vertical and align its edge closely against the rail surface.

03 Lubrication LUBRICATION

- Apply grease before and after the trial run, then perform periodic supplementary lubrication thereaffer.
- Do not mix greases with different physical properties.
- Contact TSNS for details of the standard grease for each model.
- Use the specified lubricant if special lubrication requirements apply.

If you have any questions, please contact TSNS.
